Columbus, OH 43230-6230

Sherwin-Williams is a proud sponsor of the Universal Design Living Laboratory.

Sherwin-Williams leads the coatings industry with green products and initiatives and is pleased to support the mission of the Universal Design Living Laboratory by providing Harmony[®] Interior Latex, a zero-VOC, low-odor paint, for the home. Environmentally preferable paints—like Harmony Interior Latex—that reduce the emission of VOCs and are low in odor contribute to better indoor air quality.

Supporting this project is a natural fit for Sherwin-Williams as we continue to educate consumers and trade professionals on the benefits of choosing environmentally preferable solutions.

We extend our congratulations to Rosemarie and Mark for taking on this project and wish them the best of luck with all future endeavors.

Sincerely,

Steve Revnew
